

## Toilet Step Stool

### Product features

**Bamboo Toilet Step Stool:** Ergonomic design for healthier, more natural bowel movements.  
**Non-Slip Footrest:** Stable, slatted platform to elevate feet and align your body.  
**Foldable & Space-Saving:** Compact, foldable structure ideal for small bathrooms.  
**Eco-Friendly Bamboo Material:** Durable, water-resistant, and easy to clean.  
**Sleek & Functional Design:** Promotes better posture while using the toilet, suitable for all ages.

### Product Overview

By elevating the feet to a natural squatting position, this stool aligns the colon and eases strain—perfect for seniors dealing with constipation, hemorrhoids, or reduced mobility. It reduces the effort needed to complete bowel movements, supporting better digestive health without discomfort.
